PERSONAL DETAILS

Nationality : Nigeria
Gender : Male
Position : Electrical Technician / Engineer

SKILLS

•Electrical Troubleshooting •Electrical System Analysis •Analytical Skills
•Technical Support •Safety Protocols
• Electrical Supervision • BluePrint Reading

CERTIFICATIONS & AWARDS

• Industrial Training Experience at Merciful God Electrical Engineering Works, Lagos Nigeria

LANGUAGES

English & Basic Arabic

OBJECTIVE

Detail-oriented Electrical Technician with over 5 years of experience in installation, maintenance, and repair of electrical systems. Proficient in troubleshooting complex electrical issues and ensuring compliance with safety standards. Strong ability to read blueprints and schematics, coupled with excellent problem-solving skills. Committed to delivering high-quality service and enhancing system efficiency

EXPERIENCE

- | | |
|---|-------------|
| ELECTRICAL TECHNICIAN | Dec 2023 - |
| AL SIDDIQI HOLDINGS, DOHA QATAR | Till Date |
| <ul style="list-style-type: none">• Installed and maintained medium and high voltage switchgear, ensuring optimal functionality.• Designed and implemented complex control circuits, improving system efficiency.• Executed repairs and testing on circuit breakers from 120 volts to high-voltage systems.• Specialized in paralleling switchgear and generators for enhanced power distribution.• Installed and calibrated generator governors, voltage regulators, and synchronizers for optimal performance.• Interpreted blueprints and layouts to maintain system integrity and facilitate effective installations.• Conducted post-maintenance testing to validate operational readiness of electrical systems and components. | |
| ELECTRICAL SUPERVISOR | 2022 - 2023 |
| REDCO CONSTRUCTION AI MANA, DOHA QATAR | |

INTERESTS

Reading Blueprints

- Independently managed electrical installations and repairs, ensuring compliance with industry standards.
- Engineered new electrical systems for plant upgrades while maintaining operational continuity.
- Installed and maintained complex motor controls, PLC systems, and instrumentation.
- Handled electrical systems with voltages up to 13,200 AC/DC, ensuring safety and reliability.
- Supervised a team of 14, ensuring efficient workflow and adherence to safety protocols.
- Installed various electrical components including outlets, switches, and circuit breakers.
- Conducted troubleshooting and repairs, enhancing system performance and reliability.

Electrical Technician

2022 - 2023

BUADIL BUILDING CONTRACTING, DUBAI, UAE

- Assembled, installed, tested, and maintained electrical wiring, equipment, appliances, and fixtures using hand and power tools.
- Diagnosed malfunctioning systems and components with test equipment to locate breakdown causes and implement solutions.
- Connected wires to circuit breakers, transformers, and other components to ensure proper functionality.
- Installed security alarms and surveillance systems in residential and commercial properties.
- Inspected electrical systems and components for hazards and compliance, recommending necessary repairs.

EDUCATION

NATIONAL DIPLOMA IN ELECTRICAL ENGINEERING

2016

MOSHOOB ABIOLA POLYTECHNIC,
ABEOKUTA, OGUN, NIGERIA
