

DENNIS MWANGI GICHUHI

Electrician |

+974 5089 2199 | Doha, Qatar | English & Swahili | Kenyan National

PROFESSIONAL SUMMARY

Highly resourceful and enthusiastic professional with dual expertise in electrical installation and document control. Proven track record in electrical wiring, automotive electrical systems, and safety compliance, combined with recent experience managing controlled documents, filing systems, and project reporting in a facilities management environment. Adept at promoting safe working environments, responding effectively to emergencies, and communicating clearly at all levels.

WORK EXPERIENCE

Elegancia Facilities Management

2025 – Present

Document Controller

- Maintain and manage physical and electronic filing systems using platforms such as Aconex and SharePoint
- Create, revise, and control documents including procedures, engineering drawings, and technical specifications
- Produce daily, weekly, and monthly progress and status reports for project stakeholders
- Track and manage transmittals, submissions, and response workflows to ensure timely document turnaround

Kenyan Electrician & Automotive Limited

2023 – 2024

Electrical Installation Technician

- Executed electrical wiring plans for lighting, intercom, and a range of electrical systems
- Installed electrical apparatus, fixtures, and equipment for alarm and security systems
- Installed safety and distribution components including switches, resistors, and circuit-breaker panels
- Connected and verified wiring in electrical circuits and networks, ensuring component compatibility
- Prepared and assembled conduit systems for protected cable routing
- Performed routine inspections, replacing aged wiring and insulation to prevent system failures
- Diagnosed and resolved electrical faults and hazards through systematic troubleshooting
- Installed new vehicle wiring systems and resolved immobilizer and alarm system faults

EDUCATION

2019 – 2022

Meru National Polytechnic (MNP)

Diploma in Electrical and Electronic Engineering

2015 – 2018

Muruaki Secondary School

Kenya Certificate of Secondary Education (KCSE)

2007 – 2014

Engineer Central Academy

Kenya Certificate of Primary Education (KCPE)

KEY SKILLS

- Electrical wiring & installation
- Fault diagnosis & troubleshooting
- Alarm & immobilizer systems
- Report writing & documentation
- Automotive electrical systems
- Safety & compliance standards
- Circuit testing & repair
- Customer communication
