

# Abdallah El Filali

Specialized technician student in diagnostics and embedded electronics at OFPPT, passionate about automotive electronic systems and embedded technologies. I aim to join a dynamic company to put my skills into practice and develop my technical expertise.

## Internships and Experiences

### Technician diagnostic

From March 2025 to April 2025 **Ocp Group** Laâyoune / El Aaiún  
I completed a one-month technical internship at OCP Group Boucraa, Laâyoune, in charge of:

- Disassembly and site preparation
- Opening the main block and detecting the fault
- Reusing components in an operational engine
- Testing the engine in the workshop and verifying its efficiency
- Transport and final installation

## Soft Skills

### Initiative

Ability to propose improvements or solutions when problems arise

### Customer Service

Listening, responsiveness, and professionalism with clients

### Stress Management

Staying calm and efficient under pressure or unexpected situations

### Technical Curiosity

Desire to continuously learn and stay updated with technological advances

### Adaptability

Ability to quickly adjust to new technologies and various work situations

### Team Work

Collaborating with other technicians and departments to achieve common goals

### Communication

Clearly explaining technical issues or interventions to colleagues or clients

### Analytical Thinking

Diagnosing and solving technical problems logically

## Education

### Baccalaureate in Physics and Chemistry

From September 2022 to June 2023  
**Lycée Maarik tagal** Laayoune

### Specialized Technician in Diagnostics and Embedded Electronics

From September 2023 to June 2025  
**specialized institute of applied technology Alwahda** Laayoune  
Laayoune

## Technical skills

**Knowledge of ABS, ESP, electronic injection, airbag systems**

**Diagnostic and technical software (AUTOCOM, Bosch ES[tronic], Delphi)**

**Repair and maintenance of embedded electronic systems**

**Reading and interpreting electrical diagrams**

**Use of diagnostic devices (OBD-II, oscilloscope, multimeter)**

**Multi-brand automotive electronic diagnostics**

## Office

**PowerPoint**

**Word**

**Excel**

## Langues

**French**

**Arabic**

**English**
