

FAZIL LAL PC

DRAUGHTSMAN

Doha, Qatar

Phone: +97471438245 | Email: fazillal2072@gmail.com

PROFESSIONAL SUMMARY

Draughtsman with extensive experience in architectural drafting and technical drawing. Proven expertise in creating detailed construction documents, site plans, and building elevations. Skilled in utilizing advanced CAD software and tools to produce precise engineering drawings and 3D models. Accomplished in design specifications, layout design, and blueprint interpretation for both residential and commercial projects.

CORE SKILLS

Technical: AutoCAD, SketchUp, Lumion Pro, V-Ray, 3ds Max, Photoshop, Civil 3D, Architectural drafting, CAD software, 3D modeling, Rendering

Analytical: Technical drawing, Construction documents, Building codes, Site plans, Plan review, Revision, Detail analysis, GD&T, Drafting standards, Interpretation

Communication: Effective Coordination, Client Interaction, Report Generation, Team Collaboration, Feedback Implementation, Presentation Skills, Design Discussions, Documentation, Conflict Resolution, Negotiation

Leadership: Project Management, Strategic Planning, Cross-functional Team Leadership, Visionary Thinking, Mentor, Resource Allocation, Goal Setting, Decision Making, Risk Management, Scheduling

WORK EXPERIENCE

DRAUGHTSMAN

Zipline Constructions | 2023 - 2026

- Developed architectural drafts and construction documents utilizing AutoCAD and Civil 3D, increasing project efficiency by 30%.
- Enhanced visualization and interpretation accuracy through 3D modeling and Rendering techniques.
- Delivered 100+ precise blueprints for various residential and commercial projects.
- Facilitated plan and elevation interpretation sessions with architects, improving design compliance by 25%.
- Coordinated with cross-functional teams, leading to timely project completion.
- Implemented effective revision strategies, reducing errors by 20%.
- Managed material takeoff processes, optimizing resource allocation.

SITE ENGINEER

Farsa Builddesign | 2021 - 2023

- Improved construction site efficiency by 40% through strategic site plans and resource management.
- Achieved compliance with building codes by implementing rigorous review processes.
- Coordinated with draughtsmen and CAD operators to enhance drafting standards.
- Ensured project specifications alignment, increasing client satisfaction by 35%.
- Managed layout design operations, reducing project delays by 15%.
- Directed team collaboration for engineering drawing finalization.
- Conducted engineering drawing revisions, ensuring accuracy and quality.

DRAUGHTSMAN

Zipline Constructions | 2018 - 2021

- Created detailed construction documents and floor plans for over 80 projects.
 - Achieved a 20% reduction in design errors by implementing precise detailing practices.
 - Utilized V-Ray and 3ds Max for state-of-the-art project visualization.
 - Enhanced site plans and elevation design processes, ensuring technical accuracy.
 - Developed material takeoff strategies, leading to cost-efficient project management.
 - Established drafting standards, increasing reliability and consistency in documentation.
 - Fostered teamwork and project efficiency through effective communication strategies.
-

EDUCATION

Diploma in Civil Engineering, KGPTC Kozhikode

CERTIFICATIONS

AutoCAD Norka Routes Certificate
